**NEWS RELEASE : LEN DE MELT BECOMES NEW DIRECTOR  
SEPTEMBER 14, 2006**

**International PBX Ventures Ltd. is pleased to announce that Len De Melt has been appointed a director and Vice President Production. In conjunction with this appointment the company plans to initiate copper production by direct shipping to local processing plants from its various copper oxide properties as soon as possible.**

**Mr. De Melt is an engineering technologist and a graduate of the Haileybury School of Mines. He also holds a bachelor of arts degree in business and economics and a diploma of mechanical studies from the British Columbia Institute of Technology. He has held management positions with 12 mining companies internationally and was instrumental in starting and building six mines, including Gulf Oil's Rabbit Lake mine (uranium), Syncrude mine (oil sands), Denison Mines' Quintette (coal), Homestake's Golden Bear mine (gold), BHP's Ekati mine (diamonds) and Goldust's Croiner mine (gold). Mr. De Melt is well known within the mining industry and brings nearly 30 years of project management and mine development experience to the company. He was a director of several public and private mining companies, including Norsemont Resources Inc. and Vena Resources Inc.**

**Mr. De Melt and several directors spent the last week in Chile for procurement of haul trucks, production blasting drills, excavators and other production equipment.**

**ON BEHALF OF THE BOARD OF DIRECTORS OF  
INTERNATIONAL PBX VENTURES LTD.**
